Press Release: Suspicious item at Middletown High School

Early this morning, Middletown Police along with the Middletown Fire Department responded to the Middletown High School for the call of a suspicious item located within the school. The students and staff were evacuated from the High School to a safe location. The suspicious item was removed from the school. Once the building was cleared and determined that it was safe, students and staff were allowed to return to school.

No one was injured during this incident.

The Middletown Police Department will continue the investigation. We have no further information at this time.
